

UNITED STATES AIR FORCE ACADEMY

CLASS OF 1968

RING BANQUET

Ring Banquet

June 5th, 1967

The past is often best left fading in the mist of memories.

As a class, we have experienced both good and bad in the past. But perhaps more important than either, we have experienced more change than any other class before us. Tonight marks an end and a new beginning for the Class of 1968. For now the changes we will live under will not be a product of those ahead of us, but rather a creation of our own, which will reflect on us.

Now finally we are in command as destiny gives us our chance to prove that we as a class have the spirit and integrity to lead the Academy to a new and better future.
